Transitions . . .

The move to our new dental home, the South West Wellness Centre, has set the groundwork for the next logical transition in my career. I have recently completed the sale of Forest City Dental (FCD) to a well established local dentist, Dr. Ali Nabavieh, who intends to keep the staff in place here and continue to serve this three generation patient base who have loyally followed my career since 1979.

Change is never easy and we all have worked very hard to maintain all existing schedules, routines and office policies. Karen Try has left our staff as Director of Operations and is replaced by Ruth Moon, FCD Manager. She can be reached at 519-652-1067 ext. 233, or by at rmoon@forestcitydental.ca.

Dr. Nabavieh will continue to work from his home office, Southdale Dental Office, but will be here as required to support his staff and assist any patient as required. The ownership and management have now been legally transferred to Dr. Nabavieh.

We are all very sad to announce that Dr. Kiran Grover is moving to another practice closer to Toronto for family reasons effective 31 Mar 2011. Many of you have appreciated her dedicated and gentle approach to your care. We all wish her well in her new locale !

Paulina & Heidi in Reception, along with Connie, Marina and Renee in the clinic look forward to your next visits. Forest City Dental also welcomes Dr. "Mack" Esmail-Nia to the Dental Team.

You will still see and hear me in the building as my "specialty practice", the TMJ & Sleep Therapy Centre of London keeps me busy on a full-time basis. A number of you have already been referred for effective treatment of chronic pain and sleep disorders and we will be open for business in this discipline for many years to come! Feel free to drop in for a tour of our new facility the next time you are in.

I sincerely thank you all for your loyalty and patience as we transitioned to our new dental home, the South West Wellness Centre, and look forward to serving all your dental and health needs for years to come !

Keep Flossing!

David E. Rawson, DDS, DABCP, FAACP
